Consideration of additional regulation modifications governing the height of hedges adjacent to an alley and the height of fences, walls, and hedges on corner properties and reversed corner lots, was presented.

The City Attorney advised that, based on the amendments: subsection (g)(1) will have the following language added, "... including age and height at the time of the complainant's acquisition or occupancy of the property."; that subsection (d) will have the following added language, "... other related factors such as history of prior complaints, presence of vermin, and history of hedge maintenance."; and, to address notice of hedge removal by adjacent neighbors the following language to be added to subsection (j), "... the adjoining property owner shall, after giving 30 days notice and opportunity to cure, have the right to remove those portions of the hedge . . ."
