GREEN BUILDING MATERIALS LIST

Select at least one material from at least **five** of the following ten categories.
The material selected must be used for at least 50% of building square footage
or 100% of the fixtures. No substitutions allowed without plan re-submission.

1 Insulation

- Blown-in cellulose minimum 75% recycled content
- Greenguard-certified fiberglass, minimum 20% recycled
- Rockwool minimum 75% recycled
- Recycled denim/cotton insulation
- Bio-based foam insulation
- Other* _____ Brand _____ Cut Sheet attached? ___

2 Carpet and Carpet Pad

- CRI Green Label carpet + minimum 15% recycled content carpet pad
- Min. 25% recycled content carpet + minimum 15% recycled content carpet pad
- Natural/ bio-based fibers + natural, bio-based or min. 15% recycled carpet pad
- Carpet with manufacturer takeback + min. 15% recycled content carpet pad
- Other* _____ Brand _____ Cut Sheet attached? ___

3 Renewable/ Recycled/ Certified Flooring

- FSC-Certified wood floors
- Bamboo/ Palmwood floors
- Stained, finished concrete floors
- Cork
- Linoleum (natural)
- Minimum 50% recycled content tile
- Other* _____ Brand _____ Cut Sheet attached? ___

4 Paint

- Zero Voc Paint, Greenseal or SCS certified
- Recycled reprocessed paint min 20% recycled
- Natural paints (lime-based, milk paint, natural clay)
- Other* _____ Brand _____ Cut Sheet attached? ___

5 Interior wall materials
 Minimum 10% recycled-content gypsum wallboard
 Compressed wheat or rice straw panels
 Other* _____ Brand _____ Cut Sheet attached? ___

6 Structural
 FSC certified lumber
 Minimum 25% recycled-content structural steel
 Minimum 15% fly ash or slag content concrete
 Other* _____ Brand _____ Cut Sheet attached? ___

7 Foundation
 Minimum 15% fly ash or slag concrete
 Other* _____ Brand _____ Cut Sheet attached? ___

8 Roof type/ materials
 Energy Star rated cool roof
 Green roof
 Building integrated solar roof
 Steel min 25% recycled
 Aluminum min 20% recycled
 Fiber composite min. 50% recycled
 Rubber 100% recycled
 Plastic or plastic-rubber composite 100% recycled
 Wood/plastic composite 100% recycled
 Cement min 15% fly ash or slag
 Other* _____ Brand _____ Cut Sheet attached? ___

9 Cladding
 Cladding materials with minimum 50% recycled content
 Cladding materials with minimum 50 year warranty (non-vinyl)
 Other* _____ Brand _____ Cut Sheet attached? ___

10 Water Efficiency
 Dual Flush Toilets
 Waterless Urinals
 High Efficiency Toilets (max 1.3 gallons per flush)
 Water Sense rated front-loading clothes washer
 Water Sense rated front-loading dish washer
 Grey water system
 Other* _____ Brand _____ Cut Sheet attached? ___

* Must be approved by the Director of Environmental and Public Works Management in accordance with SMMC Section 8.108.030
