January 2008

AMENDMENT TO THE CITY OF SANTA MONICA'S 2007 ACTION PLAN

The One-Year Action Plan is submitted annually to the U.S. Department of Housing and Urban Development (HUD). It delineates the City's specific projects and activities for one-year use of Community Development Block Grant (CDBG) and HOME funds in order to meet the City's overall housing and community development needs as specified in the Consolidated Plan (FY 2005-10) adopted by City Council and submitted to HUD in June 2005. According to Federal regulations, the City "shall amend its approved plan whenever it makes one of the following decisions: 1) to make a change in its allocation priorities or a change in the method of distribution of funds; 2) to carry out an activity, using funds from any program covered by the consolidated plan (including program income), not previously described in the action plan; or 3) to change the purpose, scope, location, or beneficiaries of an activity."

A second amendment to the City of Santa Monica's Program Year 2007 Action Plan is necessary in order to reallocate CDBG entitlement funds to new projects and to amend funding for existing projects.

In the 2007 Amended Action Plan approved by the Santa Monica City Council on June 12, 2007, \$2,308,061 in CDBG entitlement and program income funds were allocated to the Pedestrian Extension to the Downtown Transit Mall project. In order to accommodate HUD expenditure deadlines despite the delay of the Pedestrian Extension project, \$495,000 will be reallocated from this project as follows: \$400,000 to assist in the construction of affordable rental housing through the Citywide Affordable Trust Fund; and \$95,000 to the emergency shelter public service project.
